ABOUT
A-TECH
EXTRUSIONS AUSTRALIA

Established based on a vision of design, creativity and innovation, A-tech Extrusions Australia has become a leading aluminium supplier in the construction Industry. Incorporating all aspects of the supply chain, our services extend from importing and wholesaling, to manufacturing and fabricating. With a wealth of knowledge and experience of over 30 years in the industry, our dedicated team of professionals are committed to exceeding expectations.

HOW DO WE
ACHIEVE THIS?

Design

Through design, we focus on adapting to the market we operate in as consumer preferences evolve and trends advance. We understand the need for flexibility in the industry through residential, commercial and even industrial designs, which is why our focus is centred around providing windows and doors that are aesthetically pleasing, modern and suitable for every purpose.

Creativity

To our team, creativity is about offering inventive products and services that present solutions for aim. Having extensive experience, we at A-Tech Extrusions Australia push boundaries to deliver according to client vision and beyond. As each requirement and preference is different, we tailor our service to each project to ensure the outcome is unique, distinct and incomparable.

Innovation

Innovation is about adding value. As one of our main competitive advantages, being innovative has become an attitude. Through international operations of importing and wholesaling, we have developed a worldly approach, ensuring we are always at the forefront of industry breakthroughs and ahead of competitors. Through innovation, we've been able to win.
